| Risk Levels | Little to None | | Minor | Moderate | Major | | Extreme |

Weather Key Points

Regional Operations Center

Western Region

Wednesday, September 21

- Widespread light to moderate rainfall is expected for northern and central California through Wednesday
 - The rainfall will primarily be beneficial for the state. However, isolated burn scar impacts are possible as the chance of thunderstorms continues through Wednesday.
 - Some light snow is also possible above about 8500 feet above sea level over the high Sierra through Wednesday, though no significant accumulation is expected at this time
- Drier and warmer weather will develop for much of the state for Thursday through the beginning of next week
 - Moderate heat risk concerns could develop across southern California by early next week
- Gusty winds up to 45 mph are expected across the deserts and mountains of southern California through Wednesday, bringing some locally elevated fire weather concerns
 - Dry and locally breezy conditions will bring locally elevated fire weather conditions to southern California through the period.

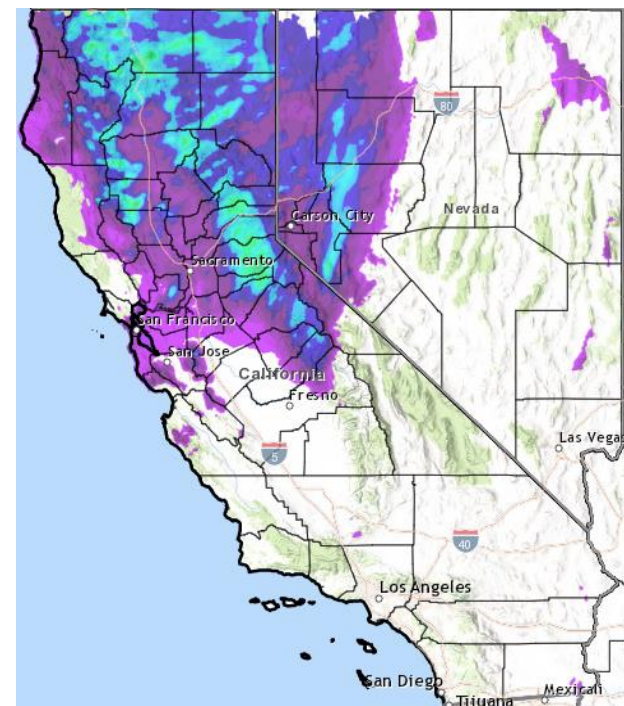

Precipitation Forecast

Regional Operations Center

Western Region

Wednesday, September 21

Wednesday

Thursday

Friday

Important Note: Forecast precipitation amounts are an average for any particular location. Thunderstorms will produce locally much higher rainfall amounts.

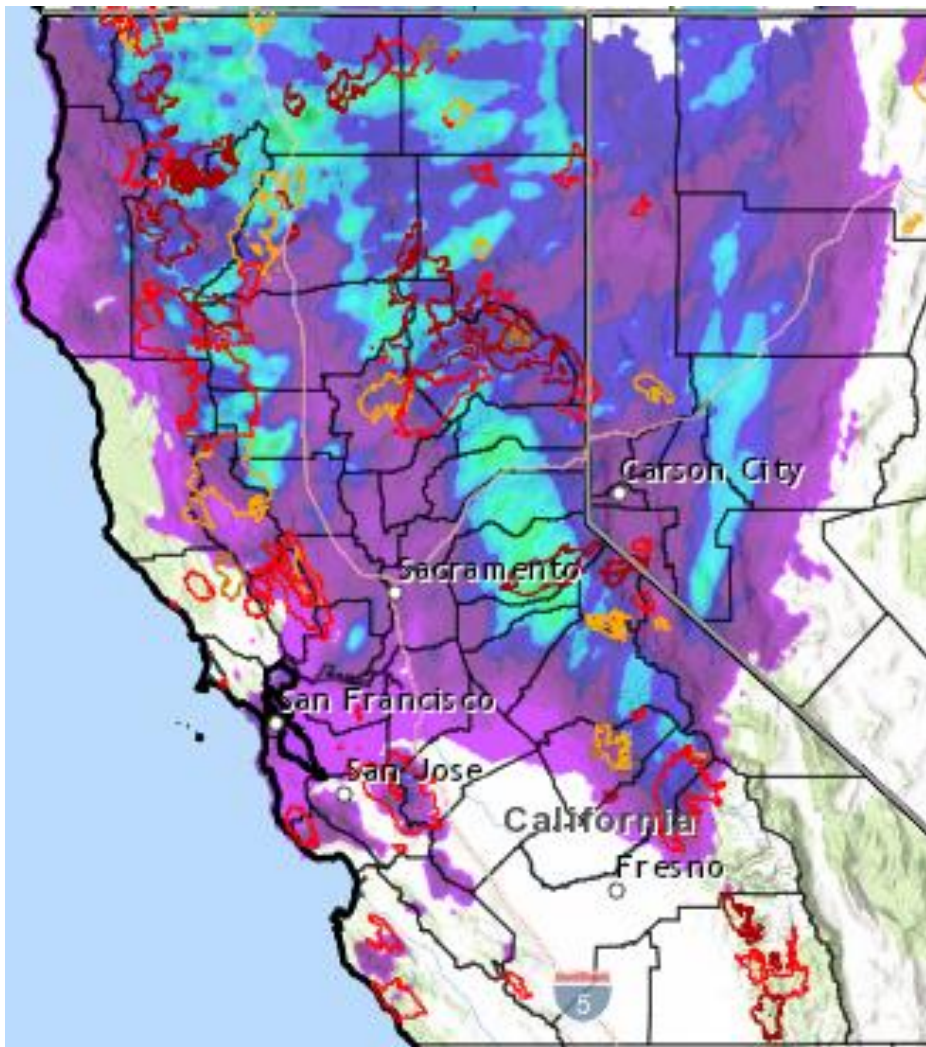

Precipitation (inches)

Total Precipitation Forecast

Regional Operations Center
Western Region
Wednesday, September 21

Minor ash flow concerns are possible on recent burn scars in areas of heavier rain, but there are no specific burn scars of concern for today given overall lighter precipitation expected today.

Wednesday

Important Note: Forecast precipitation amounts are an average for any particular location. Thunderstorms will produce locally much

Precipitation (inches)

Weather Outlook (6-14 Days)

Regional Operations Center

Western Region

Wednesday, September 21

6-10 Day Outlook (September 26 – September 30)

Temperatures

- Above normal temperatures are strongly favored across the state

Precipitation

- Near normal precipitation is favored across much of the state, except below normal precipitation favored across the Sierra and northern mountains

8-14 Day Outlook (September 28 – October 4)

Temperatures

- Above normal temperatures are strongly favored statewide

Precipitation

- Near normal precipitation is favored across the state

SITUATION SUMMARY

Cal OES Activation Status

| State Operations Center | Inland Region EOC | Coastal Region EOC | Southern Region EOC |
|-------------------------|-------------------|--------------------|---------------------|
| Level 2 | Normal Operations | Normal Operations | Normal Operations |

2022 May Monkeypox Virus

On 08/01/22, the Governor proclaimed a State of Emergency to support the State's response to Monkeypox. A copy of the proclamation can be found [here](#).

The California Department of Public Health (CDPH) activated the Medical and Health Coordination Center (MHCC) at Level 3 (low) in response to the 2022 May Monkeypox Virus event on 05/24/22; and increased the activation to Level 2 on 07/18/22.

- Hours of Operation: Monday to Friday, 0800 hours to 1700 hours until further notice.

Cal OES Situation Cell

- The Cal OES Situation Cell is activated to an Enhanced Watch posture for incident reporting on the 2022 Southern California Severe Weather and Debris Flows.

Cal OES INLAND REGION

- Please see the attached Situation Summary for information regarding the 2022 Southern California Severe Weather and Debris Flows.

Cal OES COASTAL REGION

- Please see the attached Situation Summary for information regarding the 2022 Southern California Severe Weather and Debris Flows.

Cal OES SOUTHERN REGION

- Please see the attached Situation Summary for information regarding the 2022 Southern California Severe Weather and Debris Flows.

COVID-19 SUMMARY

Coronavirus Disease 2019 (COVID-19)

On 03/02/20 at 0700 hours, the Cal OES State Operations Center (SOC) activated in support of the California Department of Public Health (CDPH) Medical Health Coordination Center's (MHCC) statewide response to COVID-19. Cal OES will continue to provide resource coordination for the COVID-19 event, as well as situation status reporting and advance planning across multiple areas.

SMARTER Plan

On 02/17/22, Governor Newsom unveiled the "[California SMARTER Plan: The Next Phase of California's COVID-19 Response](#)". The plan emphasizes continued readiness, awareness and flexibility and helps ensure California can maintain its focus on communities that continue to be disproportionately impacted and stay prepared to swiftly and effectively respond to emerging COVID-19 variants and changing conditions.

CDPH Statewide Travel Advisory

- For more information: [CDC Travel Guidelines](#)

Confirmed California COVID-19 Cases - Per California Department of Public Health Tracking COVID-19 as of 09/14/22 at 1630 hours:

- 10,354,899 total confirmed cases.
 - 40,182 Delta
- 94,747 total deaths.
 - 508 Delta
- Please see the most recent "Situation Report - COVID-19" attachment for additional details.
